Increases contrast under bright room conditions and provides vivid color highlights.

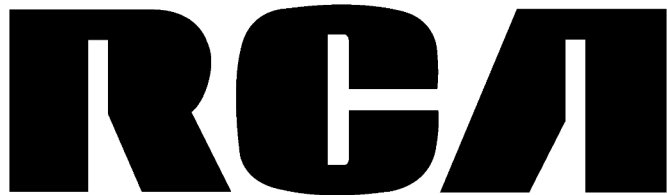

TV can be programmed to turn on or turn off at preselected time periods for added convenience. Wake up to your favorite morning show.

Simplifies connecting other components such as a game system, digital camera, DVD, etc.

Allows across-the-room control.

The on-screen menus can be viewed in English, French, or Spanish.

Provides consistent volume levels throughout programming & channel changes. Eliminates annoying "blast" of sound during some commercial breaks.
